

KIDSPACE

Here's a scavenger hunt for you at the library. Start at the Computer/Catalog space and explore! As you find each item, draw a Joel's Library Jam stick man in the space. When you get to the circulation desk at the end of the game, you win! You pick your own prize—you check out a book that's just right for you.

Check It Out!

Computer/Catalog

Find the computers in your library.

Reference Desk

Go over and say "Hi" to a librarian at the reference desk.

Audiovisual

Audiovisual, or AV for short, means all the items that your library has for you to use that are not books. Find the AV items in your library and ask the librarian who may check them out.

Homework Help Desk

Find the homework help desk, or ask the librarians at the reference desk if they offer homework help.

Children's Section

This area of the library is your special space! In the children's section, you'll find non-fiction, fiction and easy books. Ask the children's librarian to tell you about those different types of books and how you go about finding them. Pick out one book that looks interesting to you.

Storytime/Summer Reading

Next ask the children's librarian what kinds of school year and summer activities your library has for you.

Circulation Desk

This your last stop, where you get your library card and check out books. Get your library card and use it to claim your prize for playing this game—bring the really neat book you found in the children's section to the circulation desk and check it out now.
